

# FOOTWORKS DANCE STUDIO 2012 RECITAL COSTUME FORM

The highlight of the dance year is going to be our 2012 Dance Recital. Results of student's hard work and learning are displayed to family and friends in beautifully costumed revues. Part of the students dance training includes the thrilling experience of performing on stage. Although the event is scheduled for **June 9, 2012**, we need to order our costumes for this special event now. Every studio in the country will be placing orders and we want to ensure that our costumes are here in time for the show. Other dates to mark on your calendar in conjunction to the Recital are: Costume Pick-up: April 21, 2012; Dance Photos and Dress Rehearsal: May 18-20, 2012; Recital Practice: June 8, 2012.

## DEADLINE

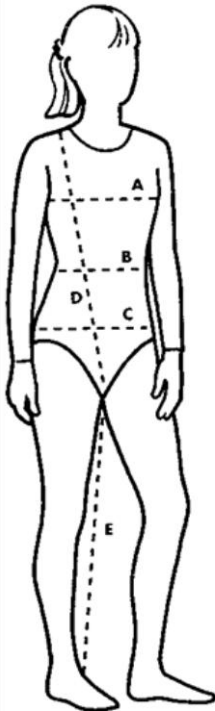

**All costume forms and full payment must be received by 12 noon, Saturday, January 7, 2012.**

If you don't pay on time, we will not order a costume for your student. Students without a costume or those that join class after the due date will not be able to dance in the Recital. Please note, costumes are non-refundable.

## SIZES

Accuracy in placing our orders is very important, as returns and exchanges are not going to be allowed due to time constraints. We need your help to ensure we order your student's correct costume size. Sizing for each company varies slightly, so if there are any areas that are close, **select the larger size**. Remember to take into consideration that your child may grow between now and recital time. It is much easier to take in than to let out. Using the Measuring Illustration and Size Charts below, measure your dancer and calculate the size you want ordered for your dancer. Remember to wear a leotard, swimsuit or undergarment when taking measurements, not street clothes. If the bust and hip measurements do not correspond with a particular size, the girth measurement should be used as a deciding factor. **Once costumes are delivered, it is the family's responsibility to make alterations to costumes so please measure carefully.** Please ask us for assistance if you need some help. We have tape measures that can be used at the Studio.
